## WASHINGTON IN DOUBT; ARMED INTERVENTION IN MEXICO MAY COME

WASHINGTON, Jan. 12.—The administration is in serious doubt to-day concerning the latest Mexican policy. The frightful massacre of American citizens has greatly enraged even the officials who have heretofore been advocating "watchful waiting." Sentiment for armed intervention is growing among the congressmen by leaps and bounds and the entire situation will be threshed out in the house and senate at once.

The president reached his desk at an early hour this morning. Secretary Lansing stated that the bodies of the victims have arrived at Chihuahua City. He also said that there was no record of the party having been given safe conduct and, in consequence, he has wired the border officials for information as to what they were doing in Mexico.

There are approximately 1,000 available American troops near the international line, should the United States decide to use them in an invasion of the republic to punish the bandits.

Secretary Lansing stated late this morning that no United States officials have been authorized to issue safe-conducts into Mexico, and that Carranza cannot be expected to protect foreigners living in a territory controlled by rebels. However, a demand has been sent to him for the punishment of the murderers.

**ATULATES DELEGATES OF  
COAST CHAMBER OF COM-  
BY TELEGRAPH ON  
OF THE STATE.**

H. Edmonds, editor of the  
Record, of Baltimore,  
following enthusiastic tele-  
night to the secretary of  
of commerce at Miami.  
Edmonds is a true admirer  
and there are few who  
qualified to judge. He has  
over most of the peninsula  
and is thoroughly familiar with  
section of the state. The  
dispatch illustrates his  
general, concerning "the  
flowers":  
Daytona, Fla., Jan. 11, 1916.  
Chamber of Commerce,  
Miami, Fla.

though you I would extend to all  
delegates to the East Coast meet-  
heartiest congratulations upon  
progress of Florida ev-  
in evidence, as shown in  
road building through-  
state and in the rapid expan-  
home building by permanent  
as well as by the people of  
who are more and more  
to realize that Florida in its  
climate, in its productive  
its luxuriant beauty of flow-  
gains and trees and its many  
and other resources is one of  
the assets of the American

commercial bodies, the rail-  
and the individual men and  
who are working for the ad-  
vancement of this state, who are seek-  
to make more beautiful this land  
flowers and sunshine, who are try-  
to let others who know it not  
as they have heard of it, come  
to themselves see and enjoy its  
charms, are doing great  
to all who are thus drawn to  
a heaven-favored region.  
The death-dealing blizzards rage  
here, the flowers are blooming,  
the birds are singing, and all nature  
is with praise for the blessed  
of enjoying the charms of  
of heavenly delight.

**THE NEWS OFFERS \$100  
PRIZE FOR BEST MOTTO  
FOR BURGOYNE CASINO**

**CONTEST TO CLOSE  
31ST OF JANUARY**

**ANY BONA FIDE RESIDENT OF  
VOLUSIA COUNTY OR PUPIL IN  
COUNTY SCHOOLS MAY PAR-  
TICIPATE.**

With a view to stimulating the pub-  
lic's already avid interest in the Bur-  
goyne casino, now nearing completion,  
the management of the News has de-  
termined to offer a prize of one hun-  
dred dollars in real money for a motto  
or legend to be conspicuously and  
elaborately displayed on the four in-  
terior walls of the Commodore's latest  
magnificent gift to Daytona.

Other than requiring compliance  
with a few simple rules governing  
the contest, there are no "strings"  
whatever tied to the News' offer, the  
sole object of which is to arouse the  
public's interest to the extent that it  
will heartily co-operate in a movement  
to secure the very best and most ap-  
propriate wording that it is possible  
to obtain for the Burgoyne casino  
walls. This is not a proposition ne-  
cessitating a high order of literary  
ability; indeed, any person in Volusia  
county possessed of sufficient imag-  
ination and education to attend to his  
or her every-day affairs may partici-  
pate in the contest and feel absolutely

sure of being a potential winner of  
the hundred dollars.

A hundred dollars is a hundred dol-  
lars—a chunk of cash big enough to  
buy a most satisfying quantity of fun,  
food or finery for the average man,  
woman or child. Go after that hun-  
dred. Your chance of winning is as  
good as that of anybody else; possibly  
it is better. "You never can tell."  
But it's a positive cinch that you will  
not even have a look-in at the money  
unless you try. Get in the game—  
now.

Here are the conditions which con-  
testants must comply with:

Rule 1. Communications shall be  
addressed to the "Sentimental Editor  
Daily News, Daytona, Fla."

Rule 2. No contestant will be al-  
lowed to have more than one trial.

Rule 3. Each communication sub-  
mitted must have on it the sender's  
full name and address.

Rule 4. No communication bearing  
a postmark later than January 31,  
1916, will be considered.

Rule 5. Only actual residents of  
Volusia county or bona fide students  
in Volusia county schools are eligible  
to participate in the contest (the lat-  
ter include pupils from abroad).

Rule 6. The winner of the prize  
must furnish his or her photograph  
for publication in the News.

Rule 7. No motto or legend con-  
taining more than four lines of seven  
words to the line will be considered.

Rule 8. In the event that two or  
more persons send in the same word-

(Continued on page six.)

## WASHINGTON IN DOUBT; ARMED INTERVENTION IN MEXICO MAY COME

WASHINGTON, Jan. 12.—The administra-  
tion is in serious doubt to-day concerning the wis-  
est Mexican policy. The frightful massacre of  
American citizens has greatly enraged even the of-  
ficials who have heretofore been advocating  
"watchful waiting." Sentiment for armed inter-  
vention is growing among the congressmen by  
leaps and bounds and the entire situation will be  
threshed out in the house and senate at once.

The president reached his desk at an early hour  
this morning. Secretary Lansing stated that the  
bodies of the victims have arrived at Chihuahua  
City. He also said that there was no record of the  
party having been given safe conduct and, in con-  
sequence, he has wired the border officials for in-  
formation as to what they were doing in Mexico.

There are approximately 5,000 available  
American troops near the international line,  
should the United States decide to use them in an  
invasion of the republic to punish the bandits.

Secretary Lansing stated late this morning  
that no United States officials have been authorized  
to issue safe-conducts into Mexico, and that Car-  
ranza cannot be expected to protect foreigners'  
lives in a territory controlled by rebels. However,  
a demand has been sent to him for the punishment  
of the murderers.

## ELECTRIC CLOCK FOR BAND STAND

**COMMODORE BURGOYNE WOULD  
INSTALL THREE-FOOT ELEC-  
TRIC CLOCK IN ONE OF THE  
TOWERS OF BAND CASINO.**

Commodore C. G. Burgoyne has al-  
ready suggested several things which  
will be needed in the band casino in  
addition to the chairs and as the  
building assumes proportions still  
other things are presented to his  
mind as adding to the convenience or  
attractiveness of the structure. The  
latest inspiration of the Commodore  
along this line is the installation of a  
three-foot electric clock in one of the  
towers.

The chair fund, though growing  
slowly, still lacks considerable of  
providing for even the seating of the  
building and as the fund is intended  
to cover the other equipment it will  
be necessary for the donations to  
come in more rapidly if the amount  
necessary is to be raised by the time  
the building is completed. After the  
generous gift of the building to Day-  
tona by Commodore Burgoyne it  
would seem that the comparatively  
small sum necessary to furnish it  
should be readily contributed by Day-  
tona's citizens and music-loving vis-  
itors. There are probably many who  
intend and are really desirous of giv-  
ing something to the cause who have  
thus far neglected to do so. These  
persons should make it a point to  
step into the Rowe jewelry store at  
the first opportunity and have their  
contribution recorded in the book  
kept for that purpose.

## MANY TOURISTS IN STATE, SAYS G. Z. PHILLIPS OF S. A. L.

That Florida has more tourists  
than any previous season at this time  
of the year, is the opinion of G. Z.  
Phillips, assistant general passenger  
agent of the Seaboard Air Line rail-  
way, who is a Daytona visitor today.  
Mr. Phillips says that the travel on  
all railroads entering Jacksonville is  
heavier this year than ever before;  
resorts in South Florida are well filled  
and Daytona has more tourists than  
last year, says Mr. Phillips. "Peo-  
ple forget from one year to the other  
and because the hotels are not well  
filled early in the winter the owners  
begin to get down-in-the-mouth,"  
continued the passenger agent.

The Seaboard this year is running  
four solid trains between Jacksonville  
and New York, two of them being con-  
tinued over the Flagler system to Mi-  
ami.

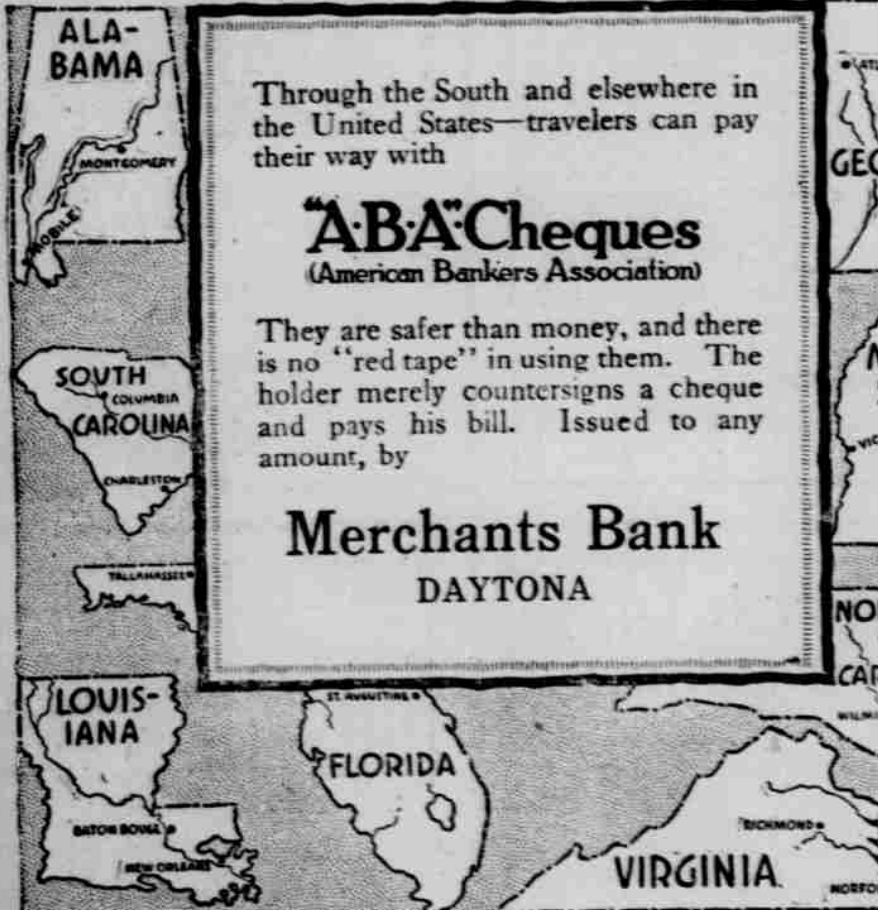

Louis Fine and daughter, Miss Ida  
Fine, and A. Badanes, of Miami, and  
Mrs. Woolson, of Key West, arrived  
in the city Tuesday afternoon via au-  
tomobile, in which they came all the  
way up the East Coast. They are  
friends of Nat Goldman, proprietor of  
the Quality Shop.

Through the South and elsewhere in  
the United States—travelers can pay

## THINK

Free statement sent. I have a startling challenge to any contractor who  
states that if I am not getting more cement blocks than the rest of  
all the rest combined, they may price their statement in a more favor-  
able way of this as, at my expense.

My reason and a highly fine profit for the other houses can  
carry me to any the outside only I am willing to accept all the  
general contractors.

In the year just passed I used many thousands of blocks of  
cement. Being in these quantities allows me to make better prices  
than a man getting a car of long intervals. I am very much pleased  
that I am getting your offer for the same general contractors.

They must be satisfied, or they would change.

**THINK**

This statement over. I have a standing challenge to any cement-block maker, that if I am not selling more cement blocks than the total of all the rest combined, they may print their statement in a space twice the size of this ad, at my expense.

Big values and a mighty fine profit (so fine the other fellows can hardly see it) are the reasons why I am selling to nearly all the general contractors.

In the year just passed I used many thousands of barrels of cement. Buying in these quantities allows me to make better prices than a man getting a car at long intervals. I am very much pleased that I am selling year after year to the same general contractors.

They must be satisfied, or they would change.

# ARE YOU LUCKY?

Some people who believe in signs will tell you that it is unlucky to fall overboard on Monday, to take hold of a buzz-saw in motion on Tuesday, to fall downstairs with a coal scuttle on Wednesday, to shoot yourself on Thursday or to sit down to dinner with twelve when there is only food enough for ten on Friday. But they all agree it will be a lucky day for you when you secure a house lot at

## WILBUR

BY THE SEA

**NOT A PROSPECT**

"The New Town on the Halifax Peninsula"

**BUT A REALITY**

Seven miles from Daytona; two miles from Port Orange. Reached by the Port Orange bridge from the mainland and by our cement approach from the ocean side. Over 600 acres of high, dry land. Five miles frontage on the ocean and four miles frontage on the beautiful Halifax river. Only 800 feet from ocean to river, right in the heart of the fishing grounds, bathing, boating, fishing, motoring, right at your door. All high, dry land; healthful climate. An unrivalled location.

THE PASSWORD AT WILBUR IS CONTENTMENT. Don't leave this section of the country without paying us a visit. Spend a day at WILBUR. It will pay you.

### BUNGALOW SITES ON THE RIVER OR OCEAN

PRICES \$150 AND UPWARDS

SOLD FOR CASH OR EASY TERMS AT PRIVATE SALE

Houses For Sale, For Rent or Built to Order. Rooms to Rent by Day or Week. All houses at Wilbur supplied with running water under high pressure and have all the conveniences of modern plumbing. An extensive boat livery is maintained. Boats to hire for fishing. Autos for hire. Tennis courts, croquet grounds and clubhouse for use of our residents at WILBUR free of charge.

TORONITA DINING ROOM serves a special dinner for 60 cents. Home cooking a distinctive feature.

Autobus makes daily trips between Daytona and Wilbur, leaving from Daytona office, 234 South Beach street, weather permitting.

Write for our booklet today. WILBUR is the location for you. Come see for yourself. Come today. Come early. BRING YOUR FISHING ROD AND BATHING SUIT AND ENJOY YOURSELF.

## WILBUR LAND COMPANY

WE ARE OWNERS—NOT AGENTS.

BOSTON OFFICE: 89 STATE STREET.

Postoffice Address: 234 South Beach St., DAYTONA, FLA.

### NO TIME FOR "MONKEYING"

"Flowery bed of ease" is a phrase that will not be at all applicable to any of those commissionerships—if the incumbents "attend to their knittings" as efficiently and as satisfactorily as the dear people have been told they must. It's up to the voters to choose practical, experienced men with the capacity and the inclination to "make good." If the new form of government Daytona is about to try has in it all or even some of those elements conducive to the city's betterment, let us be prepared to make the most of the opportunity presented. If, as has been urged by its opponents and advised by some of its most zealous advocates, the new system is burdened with more or less serious defects, let us have at the municipal helm men broad enough and able enough to meet the situation and employ such remedial measures as may be indicated by correct diagnosis of the case.

To some extent, the welfare of Daytona is at stake. This is no time to satisfy the hungerings of the opportunist; smite him! This is no time to consider "peanut" qualifications and mustard-seed brains. Now, of all times, is not the occasion on which to indulge in recrimination and in the tactics of the contemptible pettifogger.

The News proposes to remain on a plane somewhat above the level sought by "littleness" and its apostles. We urge our friends (if they haven't already done so)—and others—to climb up on the same eminence.

Who said "ring"?

The Lusitania case is being settled—again.

"Ring" around rosey" while the ringing is good!

"Now is the time for all good men to" do their level best for Daytona.

You betcha! We're on the band wagon tootin' a Greater Daytona horn and heat the band itself. Never been off and never have tried to ride anywhere else.

The Times-Union paragrapher passed out this one: "The Persia didn't like to tell what sunk her." That's precisely what he said and exactly how he said it.

"In a manner of speaking," drawled Dad Partlow, "we all acquire some degree of relationship with the mule's paternal ancestors; but a few of us don't have to cultivate the kinship—we're born that way."

At the next meeting of the Daytona board of trade, if such there be, the members, if any there are, may consider, if they feel so disposed, the advisability, if anybody thinks of suggesting it, of making a feeble effort to get that immensely potentially useful body of its somnolent habits. This is no brick—it's just a little "bat," carefully equipped with shock absorbers.

### WINTER VISITOR PLANS HUNTING TRIP TO GLADES

T. Durett, of Louisville, Kentucky, who motored to Daytona from Evansville in his new White touring car yesterday, to spend some time with his mother, has planned a hunting trip to the Everglades.

The Virginia, a cruising yacht of the Coast, equipped with a comfortable

cabin and owned by Mr. Durett, has been put into first class commission for the trip at McDonald's ship yard. Albert Cook, of Evansville, Ind., will be one of the party. He is expected in Daytona about January 20. Shortly after his arrival the Virginia will weigh anchor and point her nose for the Florida everglades. The party plans to be gone at least three weeks.

### WITH OUR EXCHANGES

#### MEANING DAYTONA?

Getting near enough to election now to make it possible to walk a block without meeting at least one candidate.—Tampa Tribune.

#### GOOD EYE, SUTLIVE.

The Savannah Press appropriately remarks that "Florida has unveiled a bronze statue of Flagler. Henry M. Flagler's best Florida memorial is made of steel rails and cross-ties."

#### AND THE NEIGHBORS, TOO.

Villa is going into the cattle business in Argentina and the Columbia State says it certainly feels sorry for his neighbor's herds.—Tampa Tribune.

That ought to be Senor "Veeya's" cue to emigrate to South Carolina and start something.

#### THOSE FOXY ENGLISH!

"In her conscription program the Mother Country expects married men and Irishmen. Of all the hard jobs on earth deliver us from that of trying to prevent Irishmen from fighting, or trying to make them fight when they don't want to. A fight is certain in either case," says the Tampa Times.

#### FULL HOUSE—WHAT!

One of the editors over on the West coast recently admitted the presence of a small-sized skeleton in his closet when he said: "Hank Ford must feel as happy as we used to feel when returning at 5 a. m., from a joy-ride with three 'queens and a pair of jacks.'"

The initiated can interpret "three queens and a pair of jacks" both ways, and still get plenty of poignant meaning out of the phrase.

#### SNOW IN CALIFORNIA.

California had a great snow storm last Friday and Saturday, even down in the citrus belt where, in places, eighteen inches fell. A rain followed and no great damage was done the fruit or the trees. It was the first snow in the orange belt of the state in a decade and the greatest in the history of the state.—Volusia County Record.

We all have troubles, but they come less frequently in Florida than elsewhere.

#### Many Ways of Measuring Stone.

Because of the variety of uses to which it is put in its different forms, there is no uniform system of measuring stone. Square feet, yards and rods, perches, cords and tons are all included in the list.

### FAREWELL PARTY FOR

#### MISS MABEL KIMBERLY

A few of Miss Mabel Kimberly's friends gave her a small farewell dance at the Clarendon hotel on Monday evening in the main ball room. She is leaving today for her home in Neenah, Wis., where she will spend the remainder of the winter.

Miss Kimberly and her mother have been staying at the Princess Isena in Seabreeze since early in November.

#### Best Hours for Sleep.

Children that are put to bed at 6 p. m. sleep more soundly than those that go to bed at seven or later, and adults that retire at 10 p. m. sleep better and are in a decidedly superior state of health to those that try to woo Morpheus at eleven, twelve or past midnight.

### WINTER SCHEDULE FOR STREET CARS

Leave City Hall, Daytona.		A. M.		P. M.	
6:30	7:00	7:30	8:00	8:30	9:40

**FLORIDA'S HEALTH TRAIN TO BE HERE AT AN EARLY DATE**

LEFT JACKSONVILLE LAST MONDAY MORNING FOR KEY WEST  
—RETURNING NORTH, WILL STOP IN DAYTONA.

Responding to a telegraphic inquiry as to when Florida's "Educational Health Exhibit Train," will be in Daytona for inspection by the local public, Dr. Joseph Y. Porter, state health officer, wires The News that the exact date of the train's visit to this city will be given later. This novel "college on wheels" passed through Daytona yesterday, enroute to Key West, from which place it will start north in a few days and make all the principal points along the East Coast as far as Jacksonville.

Below are detailed some of the facts of interest about Florida's "Educational Health Exhibit Train" and its mission:

"Florida's 'Health Train' is no longer a dream, but an actuality. The present week marks the date of its initial journey through the state on its mission of education to better living, to better health through better sanitation and the prevention of disease.

"The realization of this ambition of the state board of health, by which it may increase its efficiency and usefulness, has come after almost infinite effort. It has been provided and equipped without special appropriation of state funds, and its operation will not add a single cent to the burden resting on the taxpayers of Florida.

"The first trip began at Jacksonville Monday morning, with the first stop at St. Augustine. The next was at Miami and the third at Key West. The return will be made with stops at the various cities and towns along the East Coast and the subsequent itineraries will be arranged later.

"Under authority of special enactment of the legislature of 1915, the various rail transportation companies of Florida were authorized to haul the train and its equipment of medical and sanitary experts free of cost to the board, so that the maintenance of the train equipment will be the only charge connected with transportation.

"In their co-operation with the state board the railroad companies of the state have responded with splendid liberality, even with enthusiasm. Not only have they agreed to haul the train over their respective lines free of cost, but to furnish without charge all car inspection. In case of accident to the running equipment, such as replacing brasses in wheel bearings, repairing broken draw-bars, and the like, the work is to be done at actual cost. Some of the railroad companies have promised to ice the cars without charge.

"The actual value of the service given by these companies at such charges as are made to theatrical companies or to parties traveling in private cars, would amount annually to tens thousand of dollars, and this co-operation will be of untold worth to the people of Florida.

"By a ruling of the interstate commerce commission this train may be handled free of charge or at reduced rates beyond the limits of Florida and in any state of the Union in which the transportation companies are willing to give the service.

"This train is a permanent institution; it will bring to the people of Florida the most complete and modern school of instruction on health matters that exists in this country, probably in the world. It will go wherever in the state are laid the rails over which it may be run, and when the entire state has been covered, in its itineraries, other journeys will be made. And it is all free, for no charge will ever be made. All the resources of the board are offered gratis to those who will come to the nearest railroad station.

"A brief description of the train and its equipment follows:

"Car number one, the living car, for the accommodation of the representatives of the board, contains the office in the observation end, four state-rooms, bath and toilets, dining room and kitchen. Like the other cars of the train, it is heated with steam and lighted with electricity generated by a dynamo in car number two, and like the others, it is carefully screened and ventilated.

"Car number two, contains in one end the dynamo, driven by a gasoline engine and the sleeping quarters for the special train crew. The larger part of the car is devoted to the installation of various models, as that illustrating the Imhoff tank sewerage disposal system, another showing how water in driven or open wells is contaminated by the drainage from the stable, outhouse and polluted surface water. A miniature model shows a dipping vat for ridding cattle of the

**OFFICE:  
15 ORANGE AVE.  
PHONE:  
333 RED**

tick. A model dairy is illustrated in the same manner; the proper feeding and clothing of babies, the open-air treatment of tuberculosis and many other practical questions of sanitation and disease prevention are similarly and graphically illustrated.

"This car is also fitted with a stereomograph with a capacity of one hundred and four lantern slides, and this is lighted and operated automatically by electricity generated in the car itself.

"Car number three, is divided through most of its length by a partition, on which are displayed thirty-six panels. These carry in graphical worded sentences warnings and advice on sanitary subjects and disease prevention. Numerous electrically operated models and a large stereomograph, similar to that in car number two, are also arranged to splendid advantage in this part of the train.

"In this car will be installed an expensive and elaborate contribution from the Florida Dental society, which will show various diseases of the tooth and the proper care that should be given them. In this car are gathered much of the equipment that has special significance in sanitation. "A complete inventory of the edu-

cational equipment of these cars would require several columns of newspaper space. But such listing would be unnecessary, for opportunity is to be given all Floridians to see and learn for themselves.

"The initial trip is being made in personal charge of Dr. Joseph Y. Porter, state health officer, and of Miss Frances D. Herndon, assistant to the health officer, who is the resident superintendent of the train. On this trip Dr. Carroll Fox, of the United States public health service, accompanied Dr. Porter. Dr. Fox has been for some weeks studying health conditions in Florida and making a detailed survey of the work and methods of the state board of health. His presence on this trip will be for a closer inspection of health matters in Florida and to observe the workings of the plan for sanitary education, which is being inaugurated in the state."

**BRETTON INN NEWS**

Mr. and Mrs. Burnham S. Colburn, of Detroit, arrived on Saturday, joining their family in one of the Pretty-

man cottages. Many of their Detroit and New York friends will be at the Inn, with which Mrs. Colburn have been identified for over a dozen years.

Mr. and Mrs. G. B. Healy, of Sioux City, are greatly enjoying a few weeks by the sea. They are friends of Mr. and Mrs. John Milligan, whose pretty home is on the river front in the village of Ormond.

Mr. and Mrs. Nathan Whitten, of Holderness, N. H., arrived on Sunday, and are at Bretton Inn during the preparation of their cottage for occupancy.

Dr. W. M. Stinson, of Jacksonville with a party of friends motoring down the East Coast, stopped at Bretton Inn for luncheon on Thursday, and were delighted with the beauty of the new annex.

A charming bridal couple are Mr. and Mrs. Pike, of Derby Line, Vt., and they are especially enjoying the fine surf bathing.

Everyone is delighted with Mrs. C. M. Poor's return to the Inn. Her son, George T. Poor, is with her for a few days, and will come again for the month of March.

Mr. and Mrs. C. B. Piper, of Winnipeg, have taken a cottage for the

season, expecting to remain until late in April.

Mrs. Reed and Mrs. James H. Ebbles, of Chicago, arrived on Friday, and are here for the season. They are especial favorites among the regular patrons of the Inn.

The golf course is becoming animated with players. None attracts more attention than pretty Miss Elizabeth Rathbone, of Rochester. Her diligence and devotion to form promise to place her in the front rank of the juvenile players.

**Teuton and Celt.**

Germans are lasting in their sympathies and antipathies and leisurely in their mental processes. It takes them a long time to make up their minds and longer to get an idea out of their heads. In their thinking they try to grasp more things at a time than does the Celt.

**How Hot Top Hats Are.**

Tests with thermometers have been made to show how unhygienic men's top hats are. A thermometer kept in a top hat showed an inside temperature of 90 degrees when the outer air stood at 77 degrees and of 105 degrees when the temperature rose at noon to 90 degrees. In the evening there was a temperature outside of 68 degrees and inside of 88 degrees.

—Model 8 shows what should now be expected of typewriters.

Self-Monitoring: Long History

The success of the L. C. Smith & Bros. Typewriter has been due to the fact that the work of the user is directed in construction. The user has decided in favor of certain improvements now incorporated in Model Among them are:

- Seine Classics**—The first elite running athletic repertoire also played on this market. *Affluent elites* have been very warmly welcomed.
- Seine Tailorists**—The new elite in tailoring and sewing. There is no new change for their wardrobe.
- Fashion Line Stores**—Enables the amateur to stand on a given line and spend from a point of starting to end to some extent. They are almost always buying the same garments regularly. A great help for the world.
- Four Million Store**—Enables new place of impact for each category.
- Champs of Costume Stores**—I love, spend, under the new last hand garments made in the fashion in place of the right hand stores.
- All the important fashions of previous models have been revised**—full wearing garments, trousers and casual suits, both new and old, additions, new-made pieces, processed pieces, and new style and new style.

## CHURCH RECEPTION VERY SUCCESSFUL

FRATERNAL GATHERING OF BAPTISTS AT NEW CHURCH BUILDING VERY PLEASING—MANY GOOD SPEAKERS PRESENT.

An enjoyable social event of the season was the fraternal reception given Tuesday night at the Baptist church on the corner of First and Peninsula drive. The reception committee consisted of Rev. Sargent, Rev. G. B. Boardman, Messrs. S. Holmes, Mr. and Mrs. Beebe, Mr. and Mrs. W. N. Lott, and Mr. and Mrs. P. R. Guy.

The altar of this handsome new church was artistically decorated for the occasion with palms, cedars, poinsettias and a profusion of cut flowers. Prayer by Rev. Mr. Rightmire, followed by a number of splendid addresses were given by the following: Rev. H. S. Rightmire, of the First Baptist church of Daytona; Rev. Elmer Willis Serl, of the Tourist Union church; R. H. Harrison, representative of the Daytona Beach Methodist church; H. S. Rightmire, of Daytona; L. W. Lott, of Seabreeze; May P. Guy, of Daytona Beach; Dr. Smith, of Daytona; R. H. Glenn, of Daytona; Rev. G. W. Boardman, of Mr. Sargent, pastors of the church, and Rev. Robert E. Jones, of Ithaca, N. Y. These speeches were very well given and thoroughly enjoyed by the large congregation.

and Mrs. W. N. Manchester decorated the audience with a beautiful floral display, accompanied by Miss Lott. During the program a social hour was held and delicious punch and water were served.

A mid-week meeting will be held at the new church and Rev. Jones will officiate. All are welcome.

## SENATE CONFIRMS NEW POSTMASTER

PRESIDENT'S APPOINTMENT OF JOSEPH B. REED AS POSTMASTER IS CONFIRMED BY THE SENATE.

Joseph B. Reed has received notice of the United States senate's confirmation of his appointment to the office of postmaster at Daytona Beach. Mr. Reed will receive his regular commission in a few days.

A petition was signed by many citizens of Daytona Beach, several months ago, in behalf of Mr. Reed and his name was recommended by the local council to Congressman Sears, who complied with their request and gave Mr. Reed a good recommendation in Washington.

The appointment is for a term of four years, the same length of time which the present postmaster has held his place.

Although a majority of the people will be pleased to know of Mr. Reed's appointment, fully as great a number will miss the present postmaster, W. Herrick, and especially his assistant, Mrs. Herrick, whose service at the Daytona Beach office has been practically faultless since assuming the position over four years ago.

**PLEASANT EVENING AT OLDS' HOME ENJOYED**

Mrs. Sadie Sheets entertained a number of her friends Tuesday evening at the Olds' residence on Halifax avenue at cards. Six tables of auction bridge were present in the tastefully decorated living room, in which a color scheme of roses against a dark background was carried out. Toward the close of the games, salad, ice cream and cakes were served for refreshment.

**PASTOR LEAVES FOR ST. JOHNS CONFERENCE**

Rev. and Mrs. J. J. Treadwell left Tuesday for St. Augustine, where they will attend the annual St. Johns Methodist conference. Mr. Treadwell has occupied the pulpit in the local Methodist church for the last year and every member of his charge hopes to return to the charge.

**Astonished Hiram.**

"Just listen, Hiram Tallgrass, to this here piece in the paper, will ye?" excitedly exclaimed Ma Tallgrass. "It says as how old Deacon Medder's boy, Jim, what went ter the city two years ago, has jist got tew thousand dollars for a new serial!" "By heck!" answered Hiram. "I knowed Jim wuz buyin' up second-hand mattresses when he fust went ter the city, but I'll be hanged if I ever thought he wuz doin' it ter make breakfas' food outen them!"—Judge.

**Her Quaintness.**

"Cut's 'ooman, muh wife is," complained Brother Bogus. "She'll b'lieve any kind of a story 'bout a forriner, but she won't b'lieve her own awful wedded husband on oath! B'lieves dat tale 'bout Jonah and de whale tum beginnin' to end, but when I comes rollin' home fum de lodge at two o'clock in de mawnin' and tells her what kept me so long was he'pin' 'nishiata a stutterin' candidate, she snawts like a camel!"—Kansas City Star.

**LOW TIDES ON THE BEACH**  
Afternoon and forenoon tides occur at approximately the same hour and minute.

## SEABREEZE PERSONALS

Mrs. Arthur Wooly and family, of Lansing, Mich., have rented the Fred Stuart cottage on Grandview avenue near the Raymond hotel for the season.

Rev. Mr. Morrell, who has been staying at the Seminole lodge in Seabreeze for the last few days, leaves this afternoon for DeLand, where he will spend a few weeks visiting friends before returning to Seabreeze.

Miss Pickering, of Ithaca, N. Y., who is spending the winter with her parents at their residence on Duke street, will start a class in music during the present month. Miss Pickering is a graduate of one of the best of New York music conservatories, which she has been attending for several years.

## S. F. SMITH HEARING AT TWO P. M. TODAY

The preliminary hearing of the case of the state of Florida against S. F. Smith, of Daytona Beach, which was announced for 10:00 a. m., today, was held over until 2:00 o'clock this afternoon, because County Solicitor Roy Hamlin cannot get here until that time.

Mr. Smith was arrested at the instance of Councilman G. P. Johnson, of Daytona Beach, on the charge of illegally being president of the Daytona Beach town council and at the same time holding the office of superintendent of the municipal water-works.

The arrest was made several days before Christmas, but the hearing has not been held until the present on account of the county solicitor's inability to be on hand.

On this question the state law says that no citizen can act as a member of a council and vote on any contract or franchise in which he is an interested party. Mr. Smith is charged with so doing by holding the two Daytona Beach offices at the same time.

## INTERESTING MEETING OF METHODIST LADIES

The regular meeting of the Ladies' Aid of the Daytona Beach Methodist church was held Tuesday afternoon in the west annex of the church building on Seabreeze avenue, with Mrs. J. W. Edmonds, Mrs. W. A. Merryday and Mrs. George Finley as hostesses. The most important feature of the afternoon was the election of officers. The following were elected for the ensuing year: Mrs. Weston, president; Mrs. J. J. Treadwell and Mrs. C. A. Randall, vice presidents; Mrs. Bertha K. Smith, secretary; Mrs. Geo. Bowen, treasurer.

Following the election of officers a social hour passed and light refreshments were served. The next meeting of the Aid will be held Tuesday afternoon, January 25, at the church, with Mrs. Horn, Mrs. S. Z. Holland and Mrs. G. P. Johnson as hostesses.

**Public Opinion in Russia.**

Persigny once said to Napoleon III: "You can do almost anything with bayonets except sit on them." So you can do almost anything with public opinion in Russia except wholly suppress it by sitting on it.—George Kennan in the Outlook.

**Wanted to See Them.**

Cedric (meeting Clarence in the park) "Well, old chap, what are you doing here?" Clarence—"Just admiring the beauties of nature." Cedric—"Aw, I say, have many gone by?"—New York Globe.

**When It Would Count.**

"Of, course, I shrieked when I thought there was a burglar in the house," said young Mrs. Torkins. "What did your husband do?" "Charley looked at me with deep reproach and asked why I couldn't holler that way once in a while when the home team needed a boost."—Washington Star.

## DAYTONA BEACH LOCALS

The Rev. Robert E. Jones, who is spending the winter in Orlando, will speak at the Seabreeze Baptist church tonight. Mr. Jones is an old college chum of Revs. Boardman and Sargent.

Mrs. H. A. Voorhees, of Brooklyn, N. Y., who had been spending the last two weeks at one of the local hotels, has left for Atlanta, where she will spend a few days with her son at his residence there.

Thos. Beech and Frank Holmes returned home Tuesday from a hunting and fishing trip down the river to the haul-over. They report a fine catch of ducks and squirrels and made the journey in Mr. Beech's auto.

A party consisting of Mr. and Mrs. Frank Schweitzer and son, Harold, and Mr. and Mrs. F. Griswold, expect to leave the week-end in their cars for Palm Beach and Miami, on a pleasure trip of several days' duration.

Mr. and Mrs. Dan Pickering arrived Tuesday from their Northern home in Hillsborough, Ill., and will spend the remainder of the season in Daytona Beach. They are comfortably located in the Ocean Spray apartment house for the season.

E. A. True and sister, Mrs. R. E. Wilder, who recently arrived from Boston to spend the winter, have rented the upper apartment of the Preston home on Orange avenue. Having left New York City in a snow storm, they are greatly pleased with the beautiful weather at the beach.

Mrs. Walker, of Greensboro, N. C., who has been spending the last few weeks at the Strother home on Seabreeze avenue, left today for a trip through the southern and central parts of the state before she returns to her Northern home. Mrs. Walker will probably return here for a short while before the close of the winter.

B. E. Williams and party of four returned from a trip to Miami Tuesday night, where he has been gone for the last week. Mr. Williams and party made the pleasant trip in the fine Oakland car owned by Mr. Williams. A few miles south of Cocoa they saw a large, sleek panther cross the road in front of their auto.

Mr. and Mrs. George Rose, of Portlandville, N. Y., and Mr. and Mrs. M. E. Edson, of Oneonta, N. Y., arrived Monday afternoon and are engaged in looking for a suitable apartment in which to spend the winter. Mr. and Mrs. Rose have spent several winter seasons here and occupied the Lowe flats on the corner of Ora street and Peninsula drive in Seabreeze last year.

## JUSTICE OF PEACE HOLDS DECISION UNTIL TODAY

The decision in the preliminary trial of the State vs. Haney case, which was to have been given by Justice of the Peace John W. Williams this morning, was held over by the court until the Justice can talk over the facts of the case with County Solicitor Roy Hamlin, who will be in town this afternoon.

**Buying "On Tick."**

Buying "on tick" is not new slang, but goes back to the seventeenth century. It is stated in a letter dated 1661: "The Mermaid Tavern is lately broke, our ticks amounting to £1500." And in another document a little later it is said: "Every one runs upon tick."

**Magnetic Attraction.**

Magnetic attraction is now being applied, more or less experimentally, to the detection of mines laid at sea. An electro-magnet, supported on a long arm extending forward from a ship's bow, can be made to signal the presence of a mine. Could the current be made strong enough to deflect a torpedo, another terror of the deep would gradually disappear.

## The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

- Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.
- Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.
- Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.
- Faster Ribbon Feed**—Insures new place of impact for each typeface.
- Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

## WORKMAN ON CASINO BADLY HURT BY FALL FROM A SCAFFOLD

From the temporary staging at the west side of the Burgoyne casino, Richard Lyle, a carpenter employed on the building, fell to the ground shortly before noon today. Fellow employees rushed to where the unfortunate man lay and picked him up. Examination disclosed that he had suffered the fracture of several ribs, numerous painful bruises, and possibly internal injury of a more or less serious nature.

Dr. Roy Wowe carried Mr. Lyle to his home in Holly Hill and rendered the necessary surgical attention.

The point on the scaffold from which Mr. Lyle fell is about 14 feet from the ground.

## NEWS OFFERS \$100 PRIZE FOR MOTTO

(Continued from Page One.)

ing, the communication first received by the News will take precedence over the others. All communications will be numbered in the order of their receipt.

Rule 9. The "bids" will be inspected February 1, 1916, and passed upon by a committee of competent judges. The prize will be awarded in conformity with the decision of a majority of the judges. Following this, the winner will be notified, and requested to supply the paper with a photograph or portrait.

The names of the judges chosen to determine which motto shall be selected and to award the prize will be announced later. Contestants' letters will be published daily in the News.

## PALMETTO CLUB NOTES

A business meeting of the club was held in the clubhouse Wednesday morning. Mrs. Murray L. Stanley, the club president, presided.

An original oil painting by J. Ralph Wilcox, deceased, a gift to the club by the Sans Souci club, and formally presented by Mrs. M. L. Stanley, recently, has been given a prominent place on the northern wall of the tea room.

Mrs. J. E. Rawlings has presented the club with a beautiful oil painting, a woodland and water scene. This wonderful gift will be given an honor place on the walls of the clubhouse.

## MRS. MATTHEW P. CORNWALL ENTERTAINED AT CARDS

Mrs. Matthew P. Cornwall entertained Tuesday afternoon at auction bridge at her home on South Ridge-wood avenue. Five tables were kept busy during the afternoon, and a delightful time was enjoyed by the ladies.

Mrs. Pierson was awarded first prize, Mrs. Andrews second, and Mrs. L. J. Waite captured the consolation. Dainty and delicious refreshments were served by the hostess.

Mrs. Cornwall will be hostess at another card party this afternoon.

## TRAFFIC MAN NOW AT RAILWAY DEPOT

Owing to the constantly increasing number of vehicles meeting trains at the F. E. C. railway depot, and the development of business generally, it has been deemed necessary to employ a traffic man, and H. R. Smith, of Boston, Mass., is now filling that position for which he is well qualified by previous experience in the North. Mr. Smith is invested with police powers.

## FOR SALE OVER ONE THOUSAND ACRES ON THE INDIAN RIVER, FLORIDA

A Plantation and Townsite  
A good investment for health and profit. The "Thousand-and-One-Acre Plantation" is located at Lytata, on the Indian river, about 12 miles north of Titusville, with the East Coast automobile highway running directly through the grove, and the East Coast railway station immediately in front with postoffice and freight facilities, and a dock running out into the Indian river. About 30 acres of orange and grapefruit trees in grove form, and an enormous nursery of small trees. Half of the property is pine land, estimated by U. S. government expert at 41,000 boxes of turpentine, and never boxed. The place has been steadily improved for over 20 years by late owner, and can be bought reasonably with a large mortgage on easy terms. The need of the place is a capital to build a packing house, and to increase the acreage in fruit. Every acre of bearing fruit trees is worth \$1,000; there is probably 750 acres of this tract suitable for fruit. And the tract could be divided into plots for settlement of small holders.  
DR. HARWOOD HUNTINGTON  
Ormond Beach, Florida.

## MAP FOR USE OF AIR SCOUTS

Sergeant in the Marine Corps Invents Something That Will Be Useful to Aviators.

Washington.—A portable military and naval topographical map for use of air scouts in the field and which will enable them to make quick and realistic reports of observations, has been invented by Gunnery Sergeant Herman G. Stroschein of the United States marine corps.

Worm gearing, operated by telescopic thumbscrews from the sides of the map, will create elevations and depressions thereon, showing terrain, contours of valleys, bodies of water, etc., and should make the aviator's report clear to the newest man in the field of operations, Stroschein claims.

The map will be very light, though strongly built, and it is thought by many military men that one of the great problems confronting aviators in the field—speed and accuracy in observation description—will have been overcome by the use of the marine sergeant's invention.

Gunnery Sergeant Stroschein is on duty at the headquarters of the United States marine corps in this city.

## IS DEAD AT THE AGE OF 107

Andrew Massey of Indiana Was Veteran of the Mexican and Civil Wars.

Connersville, Ind.—The oldest man in Fayette county, Andrew Massey, is dead at his home in Orange at the age of one hundred and seven years. He was born in Everton, Fayette county, in April, 1808, and spent his entire life within a few miles of his birthplace. He farmed in a small way and liked to be out of doors, even tending a little garden all by himself after he passed the age of one hundred years.

It was not generally known here that a man of such age was living, his home being in the extreme southwest corner of the county. The records of his birth, his own belief of his age, and the remembered testimony on the subject of old men whom Massey outlived, causes the firm belief that he actually lived to the age of one hundred and seven. Massey fought in the Mexican war and in the Civil war.

## PRETTY CAPITAL DEBUTANTE

Miss Beatrice Grayson Dulin is one of the latest additions to the society of the national capital.

## WILSON STUDIES WAR MAPS

Keeps Tab Daily on Positions of the Struggling Armies—Officer Keeps Record.

Washington.—President Wilson is a peace-loving official, but the walls of the cabinet room do not indicate it. Huge maps of all the war zones of Europe cover the walls, and on each map the battle lines of the opposing hosts are drawn.

Col. W. W. Harts, the president's aid, is in charge of all the "battlefields." He adjusts the tiny flags and colored cords which indicate how the different armies are moving from day to day.

Frequently, when the president goes over to his executive offices in the morning, he stops in the cabinet room and personally surveys the positions of the struggling armies. In addition to the European maps here also is one showing the position of the United States troops on the Mexican border and the positions of Mexican forces.

## USE TOMBSTONES AS GUIDES

Discovery of Ledge of Tungsten Ore Makes Some Changes in Nevada.

Reno, Nev.—Tombstones are being used for location monuments in the new mining district near Sodaville, where a supposed fabulously rich ledge of tungsten ore was discovered, according to reports brought to Reno by men who answer the call of the desert.

One miner located the village cemetery, and as there were no rocks near he used some of the best looking tombstones to mark the boundaries of his claim.

Others soon followed suit, and now the relatives of the departed, interred there years ago, would have a hard time recognizing one grave from another.

## MRS. FISKE SEEN IN 'VANITY FAIR,' AT THE CRYSTAL TODAY

That colossal film masterpiece, "Vanity Fair," with Mrs. Fiske in the role of Becky Sharp, is at the Crystal theater today. This is an Edison production and easily the greatest ever executed by that well-known maker of good pictures. Also, it is conspicuous as the first Edison offering on the newly organized Kleine-Edison feature service program.

Needless to say a production of sufficient size to warrant the engagement of Mrs. Fiske is no ordinary film venture. More than 400 people were employed in many of the big scenes, notably the one which portrays Lady Richardson's ball in Brussels. This scene is in itself elaborate enough to stamp "Vanity Fair" an extraordinary production.

In filming the great classic, the producer made no effort to follow the

devious plot of Thackeray's novel. The bare outline with the principal characters of the drama are enough to charge seven reels of film with snap and action. It is one of the genuine film masterpieces of the last two years and will undoubtedly prove immensely popular.

## HOLLY HILL

HOLLY HILL, Jan. 11.—Miss Le-one Lambaley spent the week-end at her home in Ponce park.

Mrs. W. W. Douglas, of New Smyrna, called on friends here Sunday.

Rev. H. S. Rightmire will preach in the Union church Sunday. All are cordially invited to attend.

Elsewhere in the Gazette-News will be found a notice of the death of Mrs. L. E. Cave, of this place, which occurred Sunday.

The McCoy Brothers' power yacht U. S. A. left Friday for Miami, in charge of Captain B. F. McCoy. At Miami he will turn over the yacht to the Carnegie party, Andrew Carnegie having chartered it for the season.

Thomas Wetherell departed last week for Homestead, where he will be engaged in trucking for the winter. Mr. Wetherell spent the holidays with his parents, Mr. and Mrs. C. F. Wetherell, and family, at this place.

Henry Johnson, Jr., is visiting his

father and Mrs. Johnson on Ponce street.

G. L. K. Fitzgerald spent the week-end in Daytona with friends.

W. H. Heath and J. M. Dillon returned Friday from a fishing trip to the inlet in Mr. Heath's launch, the *eanor*.

Mrs. W. H. Heath entertained yesterday at afternoon tea, in honor of her house guest, Mrs. J. M. Dillon.

Dreadful Transformation.  
Roy was working with his father in the garden. His father found a wasp and holding it out said to Roy: "Take this back and give it to the children." Drawing back Roy said: "no I can't. I think I'm turning into a girl."

Poor Old Bald Head.  
"Look, mamma," said little Roy, "a man with a bald head and full hair entered the room. 'There's a fellow whose hair has all grown out through his face.'"

Frequently Its That Way.  
"Woman's place is at home," was telling my wife—"By the way, Bill, what's your wife doing?" "Workin' in the cannery,"—  
Courier.

Let Us Furnish the Home to be—

### THE WEATHER

Yesterday, the News stated that the weather man was fickle and today's machine proves it. He told us to expect rain and rain didn't come. Well, it isn't coming at all—unless it changes his mind again. A cold wave will sweep the northwest portion of the state tonight and Thursday, but it will not dare to set foot near Daytona. As has been proven many times, this little city stands in pretty well with the gods who direct the path of the storms. Last year they looked at the East Coast with disfavor but 1916 promises to make up for it.

The northwest section may expect increasing winds from the southeast, which will shift to the north on Thursday. The breezes around here will continue to blow from the south.

### TELEGRAPH CO. OFFICIALS

#### STOP HERE FOR AN HOUR

L. J. Maxwell, of Jacksonville, commercial superintendent of the Western Union Telegraph company, and L. L. Apperson, division inspector, of Atlanta, Ga., spent about an hour in Daytona this morning between trains. They arrived from the south on the 8:30 train and left at 9:40.

### World's Fishing Center.

Gloucester, England, is the fishing capital of the world.

### Why Blue Veils Are Best.

Blue veils preserve the complexion, because they diminish the effect of the scorching rays of light.

### To Clean an Iron Bed.

A tablespoonful of turpentine in a quart of milk makes the best mixture for cleaning an iron bed. Apply with a brush of cheesecloth and polish with a soft cloth.

### "Table Silencers."

Large sheets of blotting paper make excellent "table silencers." The blotting paper not only lessens the sound, but will absorb any liquid which may chance to be spilled upon the cloth.

### LOCAL ITEMS

T. J. McKenzie, of Jacksonville, is engaged as day trick operator at the F. E. C. railway passenger depot.

\*FOR SALE—Gasoline plant in good condition; cheap. 370 South Beach street. 34-3t&w

Mrs. Charles M. Bingham, who has been detained at her home on Cedar avenue by illness, is now able to be about, and is convalescing rapidly.

Thos. H. Ferguson, or "Dad," as he is popularly known, who underwent a serious operation at Dr. Bohannon's hospital on Monday, is reported to be doing nicely, which will be good news to his many friends.

Mrs. M. A. Collins and son, T. B. Collins, of Troy, N. Y., regular season visitors in Daytona for many years, are again here for the winter and located at the Virginia Villa on South Palmetto avenue.

Mrs. Robt. A. Tuft is expected this evening from Charlotte, N. C., to be the house guest for a time of Mrs. G. W. Chandler at 133 South Ridgewood avenue. Mrs. Tuft has many friends here, formed during her residence in the city, who will be pleased to have the opportunity of again meeting her.

It was a very pleasant sight Tuesday morning at the corner of Live Oak and South Palmetto avenues, to see Mayor Titus taking in just as many little children with their school books and lunches, as could get into his automobile, and starting off with this bevy of happy boys and girls, to deposit them at the school.

Mr. and Mrs. John Case, of Volusia avenue, returned Tuesday evening from a brief visit to Jacksonville, Palatka and Orange Park. They had expected to see relatives who spend the season at Orange Park, but were disappointed as they had not yet come South. Mr. Case says Daytona has a better showing of winter visitors than any of the places they visited.

Daytona Beach is the most marvelous beach in the world.

Miss May Carew, who had been visiting Capt. and Mrs. C. B. Shouse for about a month past at their home on South Ridgewood avenue, returned to West Palm Beach this afternoon.

Mrs. Ferd R. Treu and little daughter rejoined Mr. Treu at their home in this city Sunday evening, returning earlier than planned from a visit with relatives in Gainesville, because of the illness of the little girl who contracted a severe cold and has been seriously ill since their return but is now somewhat improved.

Mr. and Mrs. John J. Duff and son, J. LeRoy Duff, of Arlington, Mass., who have spent a number of past winters in Daytona, are again here for the season and are located with Mr. and Mrs. Andrew Hallock, 22 Cedar street. They have many friends in Daytona and vicinity who will be glad to know of their return for the winter.

Mr. and Mrs. W. T. Stevens, of Camden, N. Y., who have been spending the winters in Daytona for some years past, are again here for the season, having arrived Tuesday evening, and are located with Mr. and Mrs. J. H. Meagley on South Palmetto avenue. Mr. and Mrs. Stevens are the parents of Mrs. Robt. A. Tuft, who is expected this evening from Charlotte, N. C., for a visit with friends in this city.

At the Magnolia hotel this evening there will occur one of a pleasant series of five hundred parties which will be held during the season for the entertainment of the guests of the house and their friends. Prizes will be awarded and light refreshments will be served. Miss Adelaide Young assumes principally the management of these enjoyable social events, assisted by other guests of the Magnolia.

Mr. and Mrs. N. P. Young and children, the Misses Madelyn, Ola and Marjorie and Masters Joe Young and Nicholas Young, Jr., and Miss J. Wood, arrived Tuesday evening from Brooklyn, N. Y., and are established for the season in the handsome residence at the corner of Ridgewood avenue and Cedar street, formerly the Sebring place, but now owned by J. J. Randall, of Freeport, Long Island, N. Y., and Daytona.

### Woman's Sacred Rights.

One reason a woman will not permit her husband to criticize her friends is that she considers it an invasion of her sacred rights.—Topeka State Capital.

### FOURTH ANNIVERSARY AT THE ARCADE HALL

All who desire to enjoy a gay time, either as participants or spectators, should plan to attend the fourth annual celebration of the opening of the Arcade amusement hall which will be held at the Arcade tomorrow evening in the form of a masquerade on skates. Great preparations have been made for this annual entertainment which always attracts a big crowd to this popular amusement place. Prizes will be awarded to the best skaters and for the best costumes, etc., and interesting souvenirs will be distributed. Many improvements have been made at the Arcade since the celebration of last year and the management is endeavoring to make this celebration even more extensive than any of its predecessors. Everybody is invited to attend and have a good time.

### NOT A CANDIDATE FOR COMMISSIONER

Friends of Henry Schmidt, proprietor of Schmidt's hotel and president of the city council, have in circulation a petition for his candidacy for commissioner under the new commission form of government. The petition is being readily signed and there is no doubt that Mr. Schmidt would poll a large vote, but to a Daily News representative he this morning stated emphatically that he would not be a candidate for commissioner and that he was well satisfied with three candidates already proposed in the persons of Col. C. M. Bingham, A. McF. Porter and Lew Smith.

### Sensitiveness.

Sensitiveness is a form of fear, greatly exaggerated by introspection. Like all negative emotions sensitiveness grows with indulgence and easily becomes a fixed habit of thought and feelings.—Nautilus.

### First in Diamond Industry.

Years ago Amsterdam was at the head of the diamond industry in Europe; of late Antwerp has forged ahead and taken first place. Amsterdam very largely specializes in small stones and its superiority over Antwerp in cutting these diamonds is unquestioned.

### LIVE OAK CHAPTER INSTALLS OFFICERS

LARGE ATTENDANCE AT REGULAR MEETING TUESDAY EVENING OF LOCAL CHAPTER OF THE EASTERN STAR.

Stars to the number of 80 or more shone brightly at the Masonic hall on Orange avenue Tuesday night, the occasion being the installation of the recently elected officers of Live Oak Chapter, No. 1, Order of the Eastern Star.

Mrs. Julia Lapp, past worthy matron of the chapter, acted as installing officer and following the installation a social session and light refreshments were enjoyed.

Mrs. Nella P. Stanley, the incoming worthy matron, presented Mrs. Julia Lapp, the retiring worthy matron, with a very dainty pin during the course of the evening.

The following officers were installed:

Worthy Matron, Mrs. Nella P. Stanley.

Worthy Patron, Charles A. Randall.

Associate Matron, Mrs. Jessie C. Sweeney.

Secretary, Arthur H. Carter.

Treasurer, Mrs. Katherine S. Smith.

Conductress, Miss Lee B. Bowers.

Associate Conductress, Mrs. Elma A. Randall.

Chaplain, Mrs. Celeste Hinks.

Marshal, Mrs. Annie L. Leonardy.

Organist, Mrs. Annie Heath.

Adah, Miss Jennie Messmore.

Ruth, Miss Winona E. Lapp.

Esther, Mrs. Helen C. Drake.

Martha, Mrs. Adah C. Bingham.

Electa, Mrs. Bessie Polatty.

Warder, Mrs. Clara A. Gailer.

Sentinel, E. A. Lapp.

### Lyons' Chief Industry.

The ancient city of Lyons, the third city in France, with a population of 500,000, vies with Milan in importance in the world's silk industry. No fewer than 40,000 people—men, women and children—are employed in the factories.

### RETURNED FROM MIAMI MEETING

T. E. Fitzgerald returned this morning from Miami, where he was in attendance as a delegate from the Daytona board of trade to the meeting of the East Coast chamber of commerce. Mr. Fitzgerald also represented the New Smyrna chamber of commerce. The meeting convened yesterday and will conclude its sessions today. Last night a banquet was tendered the delegates at the Hotel Halcyon by the North Miami Improvement association.

At the meetings many matters of general interest to East Coast cities and towns were discussed.

### BURGOYNE CASINO NEARING COMPLETION

The handsome casino presented to the city of Daytona by Commodore C. G. Burgoyne is rapidly nearing completion. Already the green shingles have climbed well up on the structure and next month will see the work finished.

Commodore Burgoyne made the statement yesterday that he hoped the building would be completed by February 20 and ready for use during the remainder of the winter season, which promises to be one of the biggest in the history of Daytona.

### Daily Thought.

Sleep, riches and health are only truly enjoyed after they have been interrupted.—Richter.

### Using Watch as Compass.

A watch may be used to determine the points of the compass by pointing the hour hand at the sun any time of the day and then placing a small piece of straight wire crosswise between the hour hand and the figure 12, getting exactly half way. The point of the wire which comes between the 12 and the hour hand always points due south.

PUBLIC BUNCOED AS  
RESULT OF OYSTERS'  
"DRINKING" HABITSOME DEALERS VIOLATE FOOD  
AND DRUGS ACT BY CAUSING  
OYSTERS TO "DRINK" FRESH  
WATER.

Inspectors of the federal agricultural department, in giving special attention to the heavy traffic in oysters during the holiday season, have found that it is the practice of some dealers to add fresh water to shucked oysters in such a way as to greatly increase the size of the oyster. The oyster, when brought in contact with fresh water for several hours, will "drink" or absorb considerable quantity of the water and will increase in size in exact proportion to the amount of water which he "drinks." As oysters are usually sold by the pint or quart, any increase in their size due to the addition of water enables the dealer to fill the pint or quart measure with a smaller number of oysters. In order to increase the size, oysters must be soaked in fresh water or water that is only slightly salty. They will not "drink" enough of the salt water in which they are grown to increase materially in bulk; nor will oysters increase in bulk to any extent from being washed in fresh water if they are allowed to remain for only a few minutes, necessary to cleanse them.

If four quarts of oysters and one quart of fresh water are placed in a 5-foot container and the mixture allowed to stand for several hours, there will be a marked change in the appearance of the contents of the container. To the naked eye there will appear to be five quarts of dry oysters, for the container will be full and there will be little or no water in sight, it being on the inside of the plump, succulent-looking oysters. The average purchaser has no means of detecting the addition of water. The chemist, however, by determining the amount of water in the oyster and comparing it with the amount that an oyster normally contains, can readily detect the adulteration.

The practice of increasing the bulk by the addition of water is not confined to shucked oysters. Some dealers float the oysters for several hours while yet in the shell in fresh water

or water that is much less salty than the water in which the oysters were grown. During the process of floating, the oysters "drink" in the fresh water and increase in weight and bulk in exact proportion to the amount of water they drink or absorb, and thus a medium-sized oyster may be increased to the size of a "select."

The addition of water to oysters lowers their food value, and such oysters are adulterated under section 7 of the food and drugs act, which provides that food is adulterated if "a substance has been mixed and packed with it so as to reduce or lower or injuriously affect its quality or strength," and also if "a substance has been substituted in whole or in part for the article." The shipment of such oysters in interstate commerce or their sale in the District of Columbia or the territories of the United States constitute, in the department's opinion, a violation of the food and drugs act.

It is believed that increasing profits by selling water at the price of oysters is not countenanced by the better element of oyster dealers, who desire to have the practice stopped both because it is fraudulent and because it places the honest dealer at a disadvantage in selling his product at the price of the adulterated one. The Oyster Growers and Dealers' association of North America is co-operating with the department in stopping interstate traffic in oysters adulterated in this manner. State officials are also co-operating in order to stop the fraudulent practice within their states.

Considerable evidence is being collected by the inspectors of the department in reference to this traffic, and as soon as the evidence is complete prosecutions against those dealers who are violating the food and drugs act will be recommended to the department of justice.

When the Time Will Come.  
Man. With Paper—"Here's a preacher in Syracuse, New York, declares that the time will come when there will be no liars in the world." Pessimist—"Well, the world is due to end sometime."—Canadian Courier.

Do This in Your Head.  
Here is a simple little mathematical question, the answer to which seems a paradox: "Suppose the earth spherical, and a cable laid along the equator in contact with the surface; its length would be about 25,000 miles. If the cable were everywhere six feet from the earth's surface, how much longer would it be?"

CAPT. BLODGETT ENTERTAINS  
ON BOARD THE SWASTIKA

Captain W. E. Blodgett was host again Monday at a pleasant daylight cruise to the inlet in his comfortable boat Swastika in which he makes frequent excursions on the river, quite often to the inlet and sometimes in calm weather crossing the bar into the open sea.

Monday was a beautiful day, the weather all that could be desired for a trip on the water. The Swastika left her berth at the Dun Brothers' dock at 10:00 a. m. and returned at 5:00 p. m. No fishing was attempted, the trip being a purely social outing. A luncheon was enjoyed on the boat with hot coffee as a beverage.

As is quite commonly the case with Captain Blodgett's parties, it was a stag affair and included the following gentlemen in addition to the host: Rev. Wm. J. Drew, Rev. Dr. Robt. McKay, Rev. Dr. Charles Frederick Goss, H. K. Brainard, A. Hilliard, J. F. Conklin, Dr. W. Courtney, E. A. Bryant, and Mr. Leavens.

OVEY AS AN INDIAN  
IN MUTUAL COMEDY

At the Arcade theater Wednesday the Majestic Film company presents Robert Edeson in "The Absentee," a five-reel Mutual masterpiece, Robert Edeson playing the leading part as "Power," and also a single reel comedy, "A Deal in Indians."

Just to show that a nondescript costume which is funny because of its oddity is not a necessary asset to a comedian and that he can be humorous in any garb, no matter its cut, George Ovey has discarded his familiar checkered trousers, tight-fitting jacket, low-crowned derby, and accompanying accessories for the time being in the Cub comedy, "A Deal in Indians," and has resorted to a make-up entirely new for him.

In "A Deal in Indians," Ovey is the Indian at the bottom of all the trouble which runs through the story. To stave off prison confinement he as

Jerry consents to being adopted by an Indian tribe and even to the arrangement that he marry the chief's wizen daughter. To suit the occasion he is dressed in full Indian regalia.

A professor of natural history fortunately intervenes before Jerry and the maid are made one by taking Jerry along with him as a specimen to illustrate his lectures. Jerry, however, has no knowledge of the requirements of a specimen and creates such a comedy of errors that the police are called. They recognize the Indian as an impostor and return him to the joint from which he started.

Just how well Ovey got along with out his familiar make-up may be imagined from the statement of fact that "A Deal in Indians" is one of the funniest of the many rollicking comedies turned out by the Cub company.

Every day is summer in Daytona.

## MANUFACTURER SAYS COUNTRY IS LOSING HUGE SUM ANNUALLY

ASCRIBES THE CAUSE TO IMMENSE REDUCTION IN IMMIGRATION OF WORKERS FROM EUROPE.

BOSTON, Mass., Jan. 11.—Speaking for the convention of the Society to Eliminate Economic Causes of War in Faneuil hall yesterday afternoon, Walter Wood, a Philadelphia machinery manufacturer, said the United States is losing \$349,000,000 a year, or, rather, failing to gain that amount, through the drop in immigration caused by the war.

He said, in part:

"The total excess of the incoming over the outgoing in the year, ending June 30, 1915, was but 122,600. This is but 17 per cent of the smallest figures of any of the past nine years.

"It seems unnatural, and in some degree shocking, to place a value upon a human being as a machine

for producing wealth, but so long as the welfare of the world is dependent upon the industry of its people, so long will this value be real.

"Some of us can recollect how, but a little over 50 years ago, a likely colored woman—especially if two or three young children were thrown in—would bring on an auction block from \$400 to \$500. A stalwart male negro worker would fetch from \$500 to \$800. And when they were skillful in trades, from \$800 to \$1,000.

"But more to the point is the cost of raising the newcomer from his childhood to his productive age.

"For feeding, clothing and the other necessities of life, even in a country where existence is the cheapest, we would hardly calculate such cost at less than \$700 per unit.

"The country losing this emigrant loses this sum of money. The country receiving him gains that value without any payment.

"On the basis of this value, namely, \$300 per head, the largest emigrant crop that this country has had in any one year, has been worth to the nation \$385,000,000. The emigrant crop of last year was worth but a little over \$36,000,000, a deficit of \$349,000,000.

"This loss to the country is as great as the value of any of the lead-

ing crops except corn, and equals practically 80 per cent of that crop."

## STEAMERS AGROUND AT MOSQUITO INLET; THE SWAN CRIPPLED

Capt. J. H. Howard, of the Howard Transportation company, was in Daytona for a short time Tuesday afternoon, leaving for Jacksonville on the local train due here at 3:42. Capt. Howard had been to Mosquito Inlet to inspect the condition of the Howard line steamer McNeill, which is aground opposite the inlet, and had been brought to Daytona by Geo. F. Crouch, local agent of the line, who went down for him in his car, accompanied by F. D. Spring.

Mr. Crouch secured a launch at Ponce Park in which to reach the McNeill, but she is so high and dry that it was necessary to use a row-boat and it is possible to walk around her dry shod at low tide. The Lusterlite, the Gulf Refining company's oil boat, is also aground not far from the McNeill. The Lusterlite went aground Friday night and the McNeill Saturday night.

It had been planned to have the Swan go to the relief of the McNeill, but on her way to this city from Jacksonville the shaft which broke on her last trip here and was welded together at this place again gave way, and she is laid up at Cracker Point, about half way between Jacksonville and St. Augustine. Her wheel and the shaft will be taken out and sent back to Jacksonville for repairs and a couple of small tugs or launches from Jacksonville will bring the Swan to this city and was expected to reach here some time Tuesday night. The Swan has a heavy cargo for Daytona.

The Howard, on her way north, will make an effort to release the McNeill, and if unable to do so will take off her cargo of 400 boxes of oranges.

### Improved Torpedo.

The dirigible torpedo of a New York inventor is propelled electrically guided by a single insulated wire, and kept at the required distance below the surface by an automatic depth regulator. At the will of the operator a jet of water or a beam of light can be thrown up from the torpedo to show the exact location reached.

## BINGHAM CONSENTS TO ENTER THE RACE FOR COMMISSIONER

A deputation of Daytona citizens headed by Commodore C. G. Burgoyne yesterday afternoon called upon Col. C. M. Bingham and requested him to offer himself as a candidate for nomination as one of the commissioners, of whom four nominees are to be selected in the municipal primary scheduled for January 25.

As he had done before when the subject of his candidacy was broached, Colonel Bingham demurred, but the importunities of the gentlemen who waited on him yesterday finally prevailed, and he is now a full-fledged candidate. The necessary petition was prepared, put in circulation, quickly signed by the required number of qualified electors, and filed with the city clerk late yesterday afternoon.

The petition affecting Mr. Bingham's candidacy was the third, so far, filed at the city hall. The others were presented by friends of A. McF. Porter, present city clerk, and A. M. Wing, of the Wing Grocery company. Other petitions, it is understood, are being circulated in behalf of the candidacies of Former Councilman Lew Smith and Geo. A. Main, waterworks superintendent. Other prominent citizens are being solicited to enter the race, but in the light of late developments the probability of their announcements as candidates is somewhat remote.

Friday, January 14, is the last day on which petitions of primary candidates may be legally filed.

## VILLA LOOTS TRAIN; SEIZES 15 AMERICANS AND MURDERS THEM

EL PASO, Jan. 12.—General Villa personally gave the order that resulted in the massacre of 15 Americans and one Canadian in the state of Chihuahua, according to reports received from the Mexican border early to-day.

General Villa, at the head of a detachment of soldiers, signalled the train to stop. When the passengers had all left the cars he arrested the 15 Americans and the Canadian and, ten minutes later, ordered their execution.

It is believed that the bandits secured in the neighborhood of \$200,000 in the hold-up. Officials of the Cusi Mining company left to-day by special train to bring back the bodies of the murdered men. The mine is owned by Potter Palmer, Jr., and his mother, who are now at Sarasota, Florida.

A telegram sent from the city of Chihuahua to H. M. Anderson, late last night, reads as follows: "A party of Americans have been killed by Villalists near San Isabel. They were stripped of clothing, beaten, and then murdered. The foreign colony here is greatly aroused and an effort is being made to send all foreign women and children across the line into the United States. A report is in circulation to the effect that three Englishmen were among the number executed, but this has not yet been confirmed. Signed, F. C. Ewen."

A dispatch from Chihuahua City states that the massacre occurred at four o'clock Monday morning. Most of the victimized Americans were asleep at the time the train was halted. General Villa's troops roughly awakened them and jabbed bayonets into those who offered protest. Then the soldiers threw them bodily from the cars.

That Villa himself led the murdering party has been confirmed by the British consular officials, one of whom was aboard the train. "I'll teach these American pigs to practice better diplomacy than to recognize Carranza," Villa was heard to declare as the prisoners were dragged away.

The party searched each car twice to make sure that no American escaped. It is understood that the bandit's action was taken in fulfillment of his threat to make the United States suffer for recognizing the Carranza government.

#### ST. PAUL'S GUILD MET ON TUESDAY EVENING

Tuesday evening, St. Paul's guild met at the pretty home of Mrs. Oscar Michaels on West Orange avenue. The evening's entertainment was in the form of cards, three tables being devoted to pinochle, and three to 500.

A delightful few hours were spent by those present. The prizes for pinochle were awarded Miss Edith Starling and George Dittman, and for 500 to Mrs. Simons and Miss Moylan. Light refreshments were served by the hostess.

The guild has been organized for the purpose of sociability among the

members of the church, and all lists desiring to attend its functions are cordially invited. A very small fee is requested of each person, which money is used in defraying expenses at the church.

Last evening's gathering was successful, a number of tourists and friends being present.

The next meeting of the guild will be held Monday evening at the parish residence on South Palm avenue.

Optimistic Thought.  
One's duty is to accept the challenge of the passing day
